**NEVER A
BARRIER
TO YOUR
VISION.**

A photograph of a modern outdoor deck. In the foreground, a large patio umbrella with a light-colored canopy is open over a glass-topped table surrounded by wicker chairs. The deck is made of light-colored wood and features a white railing with black vertical balusters. A set of stairs leads down from the deck. The background is filled with lush green trees and foliage.

Fortress® is one of the strongest brands in the railing industry because we always push to the leading edge. From commercial, code tested products to diverse residential styles, Fortress is a category creator. It's evident in our complete line of railing solutions for Outdurable™ Living.

Our collection of products is built on the strength of more than 50 years of innovation. We give you endless options, custom solutions and unparalleled support. So whether you're looking for aluminum, steel or a different aesthetic entirely, you can feel secure in your choice. With Fortress, your imagination won't be boxed in.

1 QUALITY

We coat our products with durable, multi-layered anti-corrosion coating technology adapted from the high-end automotive industry. This translates into virtually maintenance-free and long-lasting railing products.

2 STRENGTH

Fortress® is focused on and committed to manufacturing the strongest railing systems on the market. We are proactive in having our products tested to meet or exceed codes for various applications.

3 INNOVATION

Fortress is an industry leader with innovations like our proprietary pre-welded panel systems, modular caps, and lighting system. We are committed to designing groundbreaking products to enhance the decking and railing industry. Why? Because they ultimately transform outdoor spaces.

4 VERSATILITY

We offer a full range of railing product lines each of which can be customized. With limitless combination possibilities, our railing is ideal for any project.

5 EASE OF INSTALLATION

Our railings are easy to install with simple to use bracket systems and installation components. This approach drastically reduces installation time.

STEEL RAILING

Fe²⁶

THE STRENGTH OF S.T.E.E.L. THE POWER OF FORTRESS.

SAFE - TOUGH - EFFICIENT - EASY - LASTING

Fortress® Fe²⁶ steel railing stands strong and stands out. You'll rest easy knowing your railing brings unparalleled durability and elegance to any patio, deck or balcony. Achieving your outdoor vision has never been easier thanks to the countless ways to customize. Sustainably built, this railing system will provide safety and style for years to come.

FEATURES & BENEFITS

EASY INSTALLATION | Save time and money with options for pre-welded panelized infills and pre-attached brackets on posts.

SAFE & CODE COMPLIANT | Durable steel is tested to ensure peace of mind for your family and friends. Backed by a 15-year limited warranty.

WEATHER RESISTANT | UV fade and moisture resistance locks in the beauty the first day and every day.

DESIGN CUSTOMIZATION | Find your perfect look with three top rail options, including a drink rail and numerous infill options. Add FortressAccents™ LED Lighting and safely enjoy your outdoor space anytime, day or night.

COMMERCIAL STEEL RAILING

Fe²⁶+

S.T.E.E.L.

RAILING THAT MEANS BUSINESS.

SAFE - TOUGH - EFFICIENT - EASY - LASTING

Fortress® is redefining the commercial steel railing category with pre-welded panels that are code tested and safety approved. Traditional commercial projects require onsite welding and fabrication. But with Fortress Fe²⁶ PLUS commercial steel railing, installation time is cut in half. Building professionals will love installing the product and recognize they can get more done in less time than the traditional method. Customization is also available for projects that have specifications outside the standard picket design.

FEATURES & BENEFITS

EASY INSTALLATION | Our pre-welded panel and bracket system cuts installation nearly in half, saving you time and money.

SAFE AND CODE COMPLIANT | Our structural steel is code tested and approved for commercial applications and provides an exceptionally durable and safe barrier to your outdoor space.

ALUMINUM RAILING

Al¹³
HOME™

HOME IN ON THIS SIMPLE SOLUTION.

Al¹³ HOME™ aluminum railing is an affordable, high quality, long-lasting railing system that is virtually maintenance-free. It's panelized and can be installed with pre-attached brackets to make installation a breeze. Al¹³ HOME offers the contractor multiple customization options. Give residential customers the look they want without compromising the quality they expect from Fortress®.

Al¹³ HOME can be customized with vertical cable or Pure View® glass infills. Create a one-of-a-kind look and fulfill your vision.

FEATURES & BENEFITS

AFFORDABLE CUSTOMIZATION | With a variety of top rail and infill panel options to choose from, you can create your desired look without breaking the bank.

LOW MAINTENANCE | FortressLock powder-coated finish resists corrosion and is UV protected to preserve the look and integrity of your railing for years to come.

EASY INSTALLATION | Spend more time enjoying your outdoor space and less time building it.

OPTIONAL ILLUMINATION | Elevate the level of safety and ambiance in your outdoor space with the addition of FortressAccents™ LED lighting.

B

ORIGINALITY IS TRUE TO FORM.

Fortress® Baluster Railing is offered in four distinct series: Vienna, Vintage, Mega and Glass. Designed for wood or composite railing, each series offers its own style and identity to transform your individual project design into reality. Metal balusters are pre-Galvanized and premium powder coated. They provide the ultimate combination of strength and beauty for low-maintenance living.

Galvanized Steel Balusters

Glass Balusters

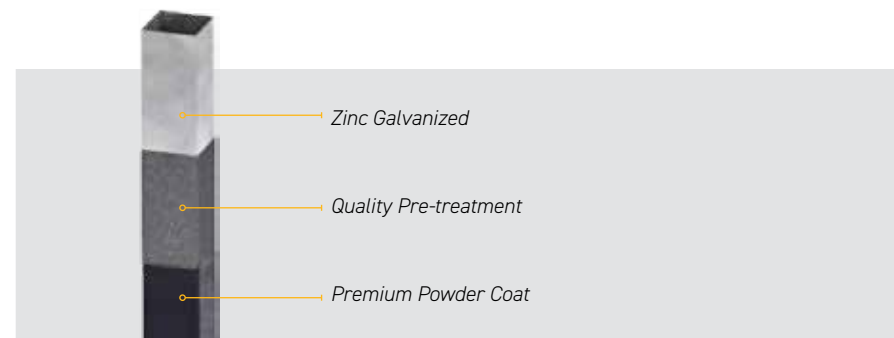

FEATURES & BENEFITS

BEAUTIFUL | Mix-and-match from numerous shapes, sizes and colors that include design options such as glass, square, round, belly and bow.

DURABLE | Ensured to withstand all elements and weather variables, beauty doesn't mean sacrificing strength or safety.

LOW MAINTENANCE | Whether it's our powder-coated finish that resists corrosion or the extensive warranty coverage, your custom look will be protected for years to come.

EASE OF INSTALLATION | Installation is simplified with several mounting options that mix beautifully with wood, composite and vinyl railing.

HANDRAIL SYSTEM

Hr

PUT YOUR PROJECT IN SAFE HANDS

A handrail system is an important part of making your ramp or stairs friendly for those who need assistance. Fortress® offers two handrail systems: round and square. Both systems integrate with our Fortress railing product lines or can be used with any other railing system to create a safe, durable and beautiful stair installation. Enjoy peace of mind knowing the system is safe, long-lasting and virtually maintenance-free.

FEATURES & BENEFITS

EASY INSTALLATION | Engineered for quick and easy installation with brackets and adapters that allow connections at virtually any angle.

DESIGN OPTIONS | Our smooth and continuous top rail is available in both a square and round design with multiple color options that work with wood, composite, vinyl, aluminum or steel railing systems.

LOW MAINTENANCE | Our powder-coated finish resists corrosion, cracking and peeling — plus, it offers superior color retention, preserving a like-new look for years to come.

SAFE | Increase the safety of new or existing railing with the superior durability and versatility of Fortress handrails, including our Americans with Disabilities (ADA) compliant round handrail system.

LIGHTING & ACCESSORIES

Fa

SEE YOUR WORLD IN A DIFFERENT LIGHT.

Bring your outdoor space out of the Dark Ages. Check out our brilliant collection of LED lighting accessories, post caps and post base covers. Our innovative design uses the same post cap for both lit and non-lit caps. Easily transform any style with the addition of a simple waterproof LED light kit. Our coating delivers optimal performance and durability.

FEATURES & BENEFITS

BEAUTIFUL & DURABLE | Our die-cast aluminum lighting accessories, post caps and post base covers provide the durability and high-quality performance that you've come to expect from Fortress.

VERSATILE | Use with a variety of decking and railing materials including wood, composite, vinyl, aluminum and steel.

LOW MAINTENANCE | Our powder-coated finish resists corrosion, cracking and peeling — plus, it offers superior color retention, preserving a like-new look for years to come.

INSTALLATION SIMPLIFIED | Plug and Play technology makes installation intuitive, simple and accurate every time.
